

## **NET1 & NET-HD Broadcast Schedules Combined**

LINCOLN, Neb. (May 14, 2008) -- Everything you like about NET1, Nebraska's premier public television channel, can now be seen on its sister channel NET-HD.

Beginning May 25, NET Television's NET1 and NET-HD channels will have the same program schedule, which means that NET Television's locally produced specials and NET Sports programming, as well as all your favorite documentary, nature, performance and children's programs that you are accustomed to seeing on NET1, can also be seen in high-definition where available on NET-HD.

"More viewers are investing in high-definition television sets because this new technology offers the clarity of motion pictures and digital CD quality sound, said David Feingold, NET assistant general manager for content. "This unification of the NET1 and NET-HD program schedules means that 'Nature,' 'Frontline,' 'Antiques Roadshow' or 'Nebraska Baseball' will still be available on NET1 or in sparkling high-definition on NET-HD on your new HD television."

NET1 and NET-HD are part of NET Television, a service of NET. For a complete program schedule, visit NET's Web site ([netNebraska.org/television](http://netNebraska.org/television)).
